

David brings a variety of experience in order to provide the Owner/ Project Team with the necessary insight and leadership required to facilitate the smooth design and construction of small, medium and large scale projects.

David has a long track record of ensuring projects are delivered at the highest quality, within budget, and on schedule by effectively organizing, managing and utilizing all available resources. He is able to lead teams on residential, commercial industrial, education and healthcare projects where the highest standards are routinely demanded. Always wanting to be actively involved in all aspects of the project life-cycle he can deliver high-value projects across different geographies.
